

Flexible Guiding

The resources found here have been kindly supplied by Sam Owczarek, Region Manager of the Queensland Lones Guides, as well as from Leaders around the State. Some are in PowerPoint and can be used during Zoom or Skype calls whilst others are pdf's you can send by email. We will endeavour to update this resource library regularly. If you have resources or Unit plans you are willing to share with other Leaders around the State please send them to Kathrynp@guidesqld.org. We firmly believe that by supporting each other we can successfully deliver Guiding in some form during this challenging time until activities you can adapt.

The Girl Guides Australia website <https://www.girlguides.org.au> also has resources available for Leaders. You will need to sign in (Username = Leaders, Password = ggainfo) and follow the following path: Leaders & Managers – Program – Badges & Awards – Girl Badge Programs.

The new Guides Connect badge can be found there, which includes many activities that can be completed at home. The 2020 Saluting their service badge program can also be found there.

Be inspired by accessing resources such as:

- www.waggggs.org/en/resources/be-the-change-2030/

We understand this is a new, and perhaps daunting, undertaking for some Leaders and we are already incredibly proud of the versatility and creative thinking we have seen on display around Queensland in delivering a Flexible Guiding Program to our members. Bravo Ladies! Remember to share your ideas and support each other through this uncertain time for us all.

State Commissioner Team – Girl Guides Queensland
