

Girl Guides Australia, Guide Lines, 5<sup>th</sup> Edition, July 2012

### 8.17 Sun Protection

Girl Guides Australia is committed to protect its Members by adopting a policy of education on the dangers of UV rays and at all times showing by example that adequate precautions should be taken at all Guiding events.

At all outdoor activities, Guides and Leaders are encouraged to:

- wear protective clothing;
- wear a hat;
- use sun screen;
- wear sun glasses where practical; and
- use shade facilities as much as possible.
